

TERROIR

The vineyards are planted in the sub region of Terras de Azurara, a place with Mediterranean climate and granitic soils. The vineyard was generous and provided a density of 3500 to 4000 feet per hectare, giving 5 tons of grapes per hectare.

VITICULTURAL YEAR

The 2017 viticultural year was extremely dry and hot. The prolonged absence of precipitation and the very high temperatures led to a strong hydric, thermal and light stress, at an early stage of the cycle, having an impact on production. Even so, the clusters were exceptionally healthy. The increase of the sugar concentration in a short period of time anticipated the harvest and provided high quality musts, with good levels of sugar and phenolic compounds. The harvest was completely manual and took place over 3 weeks throughout the month of September.

HARVEST & WINEMAKING

 Pruning: Double cord, simple cordon and guyot.

 Vinification and Winemaking: Classic vinification in *lagar* with soft skin maceration. Fermentation with controlled temperature to 26°C for 8 days. Wine staged in French oak barrels for 18 months.

TASTING NOTES

 Clear and red with violet nuances.

 Delicate and complete with notes of blackberry and blueberry combined to mint nuances and fine spices.

 This wine should be served at a temperature of 12° to 18°C. Accompany with large dishes, meat, game, cod and strong cheeses.

 It shows excellent balance, the flavor is velvety and intense great, with the presence of rich and silky tannins. With a complex and harmonious structure, it reveals a unique minerality combined with a long finish.

 Wine with high ageing potential, although it's ready for immediate consumption. Store in a cool, dry place away from light.

ANALYTICAL DATA

Alcohol Content 14,1%

Total Acidity 5,73 g/L

Volatile Acidity 0,57 g/L

Dry Extract 31,3 g/L
